

The following Information required in support of the review of your research (11 separately cord or spiral bound copies(The documents once reviewed will not be returned irrespective of the review results)

Part A

- 1.Completed ERC application (application available in THK Web)

Part B(Your study proposal essentially should comprise of)

- 1.Title
2. Introduction
3. Literature review
- 4.Objectives-General/Specific
5. Appropriate Study design.
- 6.population-target /sample/sampling frame
- 7.inclusion/exclusion criteria
- 8.Sampling and Sample size
- 9.Methodology: including attempts to minimize bias/validation
- 10.Plan for analysis and data security
- 11.References (follow one standard style)
12. Questionnaire in appropriate language/s
13. Consent form in all languages (may depend on your study group, restrictions/title)
14. Other relevant documents/articles you extracted information from:
In the event of quoting previous studies to elicit certain findings such as expected proportions(effect size) or design effect in cluster studies.

Part C

- 1.CV of each research group member you mentioned.
- 2.In the event of fulfillment for academic course of study –institution letter
- 3.ERC approval letters from other institutions(if already obtained)
- 4.Any other relevant authorized letters(if relevant)
